

Warrior Energy Consulting LLC
Capacity Statement (as of July 1, 2026)
Company Overview

Warrior Energy Consulting LLC is a veteran-owned fuel brokerage and consulting firm founded in 2026 and based in Cheyenne, Wyoming. The company connects federal, aviation, and commercial buyers to trusted supply channels for gasoline, diesel, and jet/aircraft fuel through established supplier and senior broker relationships built over a decade of industry experience.

Core Capabilities

- Gasoline & Diesel Brokerage — branded and unbranded sourcing for retail chains, distributors, and fleets
- Aviation & Jet Fuel Brokerage — Jet A, Jet A-1, and Avgas sourcing for government, commercial, and private aviation operators
- Fleet & Logistics Support — multi-location delivery coordination and route-aligned scheduling
- Deal Structuring & Consulting — contract structuring, supplier negotiation, and procurement readiness guidance
- Government Contracting Readiness — procurement documentation support and joint venture/teaming preparation
